«The water fountain is a kind of mascot of Feng Shui, there is an efficiency of collecting fortune if you play one at home and one in your company. In Chinese saying; that the still water is making you rich, but the running water is collecting the money. If you have water, then you'll have chance to get the money. Running water, will make the money running.

«Der Zimmerbrunnen ist eine Art Maskottchen des Feng Shui. Man sollte einen Zuhause und am einen Arbeitsplatz halten, denn: stilles Wasser bedeutet Reichtum, fließendes Wasser bringt Einkommen.»

«La fontaine d'intérieur est une espèce de mascotte de Feng Shui. On devait tenir une fontaine à la maison et une au bureau, car : de l'eau stagnante signifie fortune, de l'eau coulante fait entrer les moyens.»

«La fontana da interni è quasi una specie di mascotte del Feng Shui. Bisognerebbe averne una a casa ed una in ufficio, in quanto: acqua calma significa ricchezza, acqua corrente porta soldi.»
