

Sheet

Data sheet: Notification of a biocidal product according to ChemBiozidMeldeV

Based on the information you provided, you have been assigned a registration number starting with "N". All active substances contained in the biocidal product "O'life Sanitizer" are listed for the selected product type/s in Annex II of Delegated Regulation (EU) No 1062/2014. In accordance with Section 28(8) of the Chemicals Act, this biocidal product may be made available on the market without prior authorisation, provided that the other conditions are also met, pending the decision to approve the active substance(s), but not later than 31 December 2024. The current status of the maximum marketability (ChemBiozidmeldeV) of your biocidal product is displayed under "Reported Biocidal Product".
